

Slab/Billet Marking & Tagging

Traceable from the beginning

To secure traceability of your products, a legible identification is applied. Tebulo identification robots apply identification directly after the furnace and provides reliable in hostile environments. By using single nozzle and label tagging, products are clearly marked and remains readable throughout all stages.

Nailed it!

With over 6 slab & billet identification machines delivered to renowned companies in the industry, with an operation performance of almost 100%, Tebulo robotic solutions will make the most challenging areas of your plant the most reliable. Downtime in any plant is expensive and today it's far too costly for businesses to cut into profits. You can rely on Tebulo to keep you moving forward.

Flexible integration

Tebulo robotic solutions are engineered for fertility. We understand the varying needs of the industries we serve and our products are designed for the flexibility to integrate into, even the most demanding environments. We have the expertise to find the most efficient, economical and productive way to get robotics working for your business.

Innovation that pays

Ensure your fully automatic slab/billet identification operations are best in class by implementing our Industry 4.0 solutions.

- ✓ Secured traceability
- ✓ Hot slab marking
- ✓ Suitable for OCR
- ✓ Cold slab marking
- ✓ Slab yard marking
- ✓ Hot slab tagging
- ✓ Hot adhesive labelling
- ✓ Laser etched marking
- ✓ Live machine status check
- ✓ Other needs on request
