

Strapping

Binding solution

Robotic strapping hot coils is a challenging and continues activity in any factory. Tebulo strapping robots eliminates the need for people to be involved in the strapping process. Conventional eye strapping machines requires coil rotations where this solution moves around the coil.

Reliability you wish you had sooner

Tebulo robotic solutions will make the most challenging areas of your plant the most reliable. Downtime in any plant is expensive and today it's far too costly for businesses to cut into profits. You can rely on Tebulo to keep you moving forward.

Flexible integration

Tebulo robotic solutions are engineered for fertility. We understand the varying needs of the industries we serve and our products are designed for the flexibility to integrate into, even the most demanding environments. We have the expertise to find the most efficient, economical and productive way to get robotics working for your business.

Benefits

- ✓ Increased production speed
- ✓ 24/7 automated performance
- ✓ Endless strap welding
- ✓ Apply coil identification
- ✓ Safe operation
- ✓ Live machine status check
- ✓ Other needs on request
